(Special to The Herald.) Caliente, Nov., June 22.-T. R. Lathron of San Bernardino, Cal., division engineer of the Caliente & Pioche railroad, has resigned his position in order to de-

vote his time to private interests in California. He is to be succeeded by a Mr. Matthews on July 1st.

At the Sunbeam mine at Delamar, owned by Green & McCurry of Salt Lake, a shaft is being sunk to a depth of 500 feet. St. Petersburg, June 22.-In answer to various objections leveled at the government for its recent course of action, the Associated Press has secured the following declaration of the position and policy of the cabinet from one who is considered one of its most liberal members:

"The will of the people is the supreme aw, higher than the written constitution, and both the decree of dissolution and the new electoral law are the fruit of
